About This Game

Nicky

This is a very fun action and challenging strategy game in which you have to carefully calculate your movements to get to the end of the trail.

nicky - the home alone golf ball

I adore this game and have been at war with my uncle 1-uping each others high-score. its been tons of fun all around an amazing game Only complaint is my scores arent being put up on the scoreboard.. I like this game it's funny But it's i think speedrun game because there is not checkpoints But really good game. If you like games that are unresponsive.
